Dear Mr. Fratesi:

Joe

As Commissioner of the Ontario Provincial Police, and on behalf of our 8,900 members, I extend my deepest condolences to you and the members of the Corporation of the City of Sault Ste. Marie council, following the passing of Mayor John Rowswell.

The City of Sault Ste. Marie and its citizens have suffered a tremendous loss. May you and the council members find comfort in remembering the camaraderie shared with Mayor Rowswell and by honouring his dedication to public service.

Our thoughts and prayers are with the Rowswell family and with the council members of the Corporation of the City of Sault Ste. Marie.

Yours sincerely,

CDL

Dear Mr. White,

On behalf of City Council, I would like to extend my sincerest condolences to you and the fine citizens of Sault Ste. Marie on the passing of your Mayor John Rowsell.

I can only imagine the impact that his passing has had on your community. I recall meeting him at an event in Toronto. His love for his home city was quite evident. It is my hope that your many happy memories bring comfort to you and the people of Sault Ste. Marie during this difficult time.

Sincerely,

9 e-mails in support of Laird lane closure received by S. Myers

Hello Susan

Rob and I have provided the attachment (letter shown last in the e-mail) to all of the neighbours affected by the closure along with a copy of the petition to read. We wanted to be sure they clearly understood what they would be signing when they were presented with the original petition to sign. We also provided Sandy's number so that they could obtain answers to their questions and concerns from someone other us, as we obviously are in agreement to close the lane.

Please let me know if you need anything further.

Sincerely

Nancy Leindecker

Re: Lane closure and purchase of lane property

Dear Neighbour

We would like to ask the Corporation of the City of Sault Ste Marie to close public access to the lane which runs from Borron to MacDonald, (Subdivision-Laird, Plan No. 71), such as motorcycles, 4 wheelers, trucks, etc. In the event the city closes the lane, land owners would have the option of purchasing ½ of the laneway which is abutting to their property. The cost of this purchase would be the surveyor's fee (see attached) and any fee for the land which the City may require. A petition will be circulated which will provide you with several options. If you have any questions regarding this matter, you may direct them to Sandy Davidson, Property Data Analyst, with the Corporation of the City of Sault Ste Marie at 759-5408. Please read the following carefully to ensure you understand the process and the responsibilities attached to your signature on the petition.

Once the Petition is complete, the City will circulate it to the Civic Officials for their comments and give it first and second readings by City Council. The lane closure will then be advertised for four subsequent weeks. A draft survey plan will be requested. Upon receipt of the draft plan, the City will give final reading of the closing by-law. The City will prepare the respective deeds at no cost to the abutting owners. The City shall retain or grant easements for present and future use by the City or by utilities companies at its discretion. They may restrict the improvements on the allowed easements. All deeds, easements and other documents will be prepared by the City Solicitor at no cost to the owners. However, the City does reserve the right to charge for the land where circumstances indicate that the value of the part of the land is more than normal.

If the City proceeds with the closure, they will offer the full width of the lane to an abutting owner where the owner on the opposite side has not responded within 30 days of receiving a request to pay his proportionate share of the survey.

6(5)(b)

Attached is a copy of the petition and the surveyor's fees for you to review. The original petition will be brought to you personally by Rob Spina or Nancy Leindecker for your signature.

Sincerely

Rob and Connie Spina

Further to our telephone discussion on Sept. 8 re the closure of the lane running from Borron to MacDonald streets I confirm my interest in seeing the laneway closed. I have sold my property at 71 Summit Ave. with a closing date of Sept. 15 and would like to see all loose ends tied up at that time with regard to the laneway.
I have over the recent past years kept the grass cut in the portion of the lane behind my property and can say that I have not noticed anyone using the lane as a thoroughfare or for accessing properties adjacent to it.
Your support in this matter is appreciated.

6(5)(b)

Good morning,

I live at 44 Laird St. and am in favour of closing the laneway between Laird & Summit Sts.

Back in November 2009, Rob Spina began the process of contacting everyone who lives on the three streets that would be affected with the closure. Once everyone was notified and signed the necessary documents, the petition was presented to the city and a surveyor was hired in the summer of 2010 to complete the necessary work to outline which parcels would be available to those who were interested in acquiring their part of the laneway and adding it to their property.

We just recently returned from holidays to be informed that not only after everyone had agreed to the closure but had also paid in full for their respective obligations, that there is now one person who had also agreed to the closure and paid for their portion of the survey who is now saying they are against the closure of the laneway.

This is absolutely ludicrous that someone who had over eight months to raise any concerns, agreed in writing to the closure and even paid their portion of their obligation to do so is now contesting this.

Everyone involved proceeded in good faith with this process knowing that all of their neighbours were on board with what the area was doing. Some have even filled in large ruts in the laneway and planted grass to enhance the property.

My opinion is that everyone had more than ample time to raise any concerns about this during the last eight months and for someone to try and scuttle the project now is vindictive, irresponsible and is acting with extreme prejudice for some personal gain.

Please do not allow this travesty to happen!

Sincerely,

Chuck Toplis,

To Ms. Susan Myers,

I am the homeowner of 99 Summit Ave. I had recently purchased the laneway and the neighbours behind me in August, 2010 for \$400. Mr. Rob Spina had come to me back in November of 2009 to have the process started with the other neighbours to have the laneway closed. All the neighbours had signed the petition to purchase thier share of the laneway and have it closed. There was a set date for the neighbours to oppose to not have the laneway closed. Everyone on Summit Ave and Laird St had purchased thier share of the laneway and agreed to have it closed. Until recently, Mr. Spina had approached me and mentioned that one neighbour who had purchased the laneway decided that they did not want to have it closed. This neighbour decided months after the deadline to wish that the laneway not be closed. I strongly agree to have the laneway closed since I've purchased both piecies of property. If it has been decided to keep the laneway open than I would like my \$400 dollars returned to me.

Thank you for your time and understanding.

Good day Susan and Terry... I hope all is well!

On Monday, September 13th, City Council will be hearing the 3rd reading for " the closure of a Laneway " that stretches through the rear of residential properties from Mac Donald Avenue to Borron Avenue. (Parallel to Laird Street and Summit Avenue).

I am writing this letter on behalf of my daughter Krista Ciotti who is the owner of Lot 54 - 83 Summit Avenue. Krista resides in Australia and I have her Power of Attorney to represent her on this matter.

The purpose of this letter is to garner support from the both of you to consider approving the application for closure when the vote request is before Council.

It is my understanding that the City does want to close existing laneways as they are a burden and costly to maintain.

It is also my understanding that in the beginning of the application process, all residents (19) were in favour of this application. However, there may be an objection heard at the Council meeting on September 13th.

Krista has maintained (free of charge) the parcel of city laneway since she has owned the property and now has committed to purchasing her portion of the laneway parcel once the City has authorization to sell off.

It certainly makes perfect sense to follow through with the City plan to close lanes within the City holdings

6(5)(b)

unless there is a strong and majority objection by the affected residents.. which in this case is not apparent.

Thank you for your leadership in the past and I trust and accept your decision on Monday.

Yours truly, Richard
